

About Us

ALAN Electric Technology Co. Ltd is an innovative and technological pioneering company in the smart home switch socket field. Brand ALAN owns a powerful industry chain that includes many excellent electrical manufacturers. our main products include Normal touch wall switch Socket , Wi-Fi + bluetooth Wall Switch Socket , Zigbee Remote control switches , Trailing edge dimming dimmer smart switches time delay switches , and normal push button switch sockets. ALAN manufactures as complete line of affordable Wired and wireless home automation product, making safety , convenience , comfort. and economy available to virtually any homeowner.

In the world , as the demands for home automation continue to grow , Alan plans to stay at the forefront of the industry by providing innovative products and solutions. ALAN has extended its initial line of traditional wall switches and sockets to intelligent switches and sockets , and to smart home products .
